WILFRED NJEUNWI TAGHA

taghawilfred@gmail.com | +237 653843785 | www.linkedin.com/in/wilfred-tagha-592794199

Education

University of Buea — Buea, Cameroon
Bachelors of Engineering in Software Engineering — Dec 2024
Oxford Comprehensive High School — Yaounde, Cameroon
Advance Level Certificate — Jun 2019

Experience

CDR Elite Writers | Website Manager — Jan 2024 - Present

- Research, develop, analyze and optimize articles, including high-volume keyword targeting, regular updates, and social media promotion causing increase in site visits by 20%
- Designed and implemented automated email campaigns using MailerLite, reducing the response time of requests from hours to a few seconds.

Mr Dayter | Data Analyst — Jan 2022 – Present

- Analyze final year students research data both Masters and Bachelor's degree allowing me to have a wide context view from health, engineering, socioeconomics and politics.

Orange Cameroon | Mobile Developer Intern — Jul 2024 – Nov 2024

- Worked with a team of developers to brainstorm on a community challenge and propose a digital solution which birthed a whole information system for monitoring and purifying air in living spaces.
- Built the whole software including the mobile application which was able to display information gotten from the sensor devices.

UWACO | Software Engineer, Mobile Development Team — Jul 2023 – Feb 2024

- Analyzed, and Optimized mobile application through code restructuring and caching increasing the user experience and application speed by 10%.
- Added new functionalities for communicating with automobile through the web and SMS making it possible to communicate with device when online and offline

SYNDATECH | Data Scientist — Jun 2022 – Jul 2023

- Automated reporting by building a python script for cleaning and restructuring which reduced the report time by 80%.
- Developed and deployed interactive Tableau dashboards to visualize complex datasets, enabling data-driven decision-making and improving operational efficiency.

Projects

Crop Illness Detection Model — Nov 2024

- Built a machine learning model for detecting diseases in plants which could be used for crop monitoring and hence effective produce. Also created a mobile app for simulation.

CLADIAQ Jul 2024 – Aug 2024

- Design and Implemented and Information System for Collecting, Storing and Displaying air quality data, while offering personalized recommendation and prediction from air data.
- Used AWS for cloud, Django for backend, and flutter for front end.

Finger Print Based School Voting System| School Final Year Project Jan 2024 – Jul 2024

- Designed and Implemented a fingerprint based voting system providing a more efficient way of carrying out voting in the school.

Ingressive for good| Database Manager Jan 2024 – Jul 2024

- Designed and Developed a Database system for a school management system using SQL.
- Taught Data Base management for a three months' boot camp

FBI Gun Data Analysis Dec 2022 - Jan 2023

- Gathered, cleaned, and analyzed data from diverse sources (Twitter, Website, Database) to generate actionable insights through data visualization using Tableau.

Skills

Software: Data Analysis (Python, SQL, SPSS, Excel, Tableau, Power BI) | Programming (C/C++, Java, Dart/Flutter) | Web Development (Django, HTML, CSS, Bootstrap, JavaScript, React, PHP) | Version Control (Git) | Design (Canva, Figma, Power point) | Cloud (AWS)
Operating Systems: Windows | UNIX
Soft skills: Communication, Management, Public Speaking
Language: English (fluent) | French (basic)

Leaderships /Certificates/Awards

Leadership/volunteering:

Scholar/Mentor, Open Dreams Jul 2017 – Present
Core Team Member, Ingressive for good Oct 2022 – Jun 2024
Regional Coordinator, Edumail Sep 2017 – Oct 2022
Assistant Computer Teacher, Oxford Comprehensive High School (OCHS, Yaounde) Sep 2019 – Dec 2019
Radio Presenter (Harvest Echoes), CBC Radio Bamenda Jan 2017 – Oct 2020
Youth Volunteer, Youth World Organization Jun 2017 – Sep 2019
Volunteer, Viki Computer Training Instute Oct 2017 – Nov 2017

Certifications

Programming for Data Science, Udacity | Data Analytics, Udacity | Public Speaking, Youth World Organization | Leadership, CBC/Leadersource Cameroon

Awards

2nd Price 10 Analytics Knowledge Quest, 4th Price Orange Summer Challenge, Duke of Edinburg International Award (Bronze and Silver Medal), Best Computer Science Student 2018/2019(OCHS)
